

Welcome to the
Annotated Bibliography 2015
For the
North Hastings Quilt Club

I hope you find this listing of the current resources helpful in finding support for current projects and inspiration for future endeavours. Any mistakes in the following pages are entirely mine and I take full responsibility. The library will be available from 6:00-7:00 for every meeting starting with Feb. 2015. The sign out book will be reviewed regularly, so please keep books/resources for a reasonable time frame. If it is a long project, consider photocopying the necessary pages so others may enjoy the book. If you are looking at the list at home and you want to reserve a resource, email me to confirm it is in circulation and I will set it aside for you/tell you the date it will be available to you. cstapley@bell.net or 613-332-2701

Please feel free to print the pages; they are designed to be put into a small binder/duotang. A copy will be in the sign-out book. New resources will be catalogued and sent to you as they become available.

So here is how to check out a book/resource.

- 1] Take the card from the book.
- 2] Put the card into your personal library pocket in the sign-out book.
- 3] Take it home to enjoy and use.
- 4] Return the book to the library by taking the card out of your pocket and putting it back into the book. Give the book to the librarian for re-shelving, or back into the bin in the correct location.

Enjoy, have fun and happy quilting!!
